Geraniums

Ricard

Garden or Zonal Geraniums

(*Pelargonium hortorum*)

Enchantress Supreme—Our 1948 introduction. A lovely, light salmon-pink sport of Pink Fiat. Double; very free-flowering; petals are finely toothed.

Enchantress Fiat—Another sport of Pink Fiat, similar to Enchantress Supreme. Color, however, is lighter, and flowers are not as double.

These two varieties have a tendency to revert to the original Pink Fiat. Occasionally you will find one branch producing light pink flowers and another producing dark pink flowers. You may even find a flower head with some flowers of each color on it, or even different colored petals on the same flower.

above varieties

Skeleton's Unique—Round, hairy leaf; prostrate growth.

25c each, 5 for \$1.00, 50 for \$9.00

Ivy Geraniums

(*Pelargonium Peltatum*)

Alliance—This variety, as well as Pink Alliance, is a cross between an Ivy and Garden Geranium. It has the large double blossom of the Ivy, the sturdiness of the Garden type, and the leaves have characteristics of both. Color is lilac-white, with deep, rose-colored spots.

Pink Alliance—Same as above, except color is bright pink.

Caesar Frank—This and succeeding varieties are the true Ivy, or vining Ger-

aniums. A brilliant rose-pink of medium growth.

Charles Monselet—Cerise flowers; medium growth.

Charles Turner—Large, deep rose-pink flowers; long, strong grower.

Intensity—Probably the best of the bright red Ivy Geraniums; long growth.

Mrs. Banks—Long growing white Geranium with lilac and violet markings.

25c each, 5 for \$1.00, 50 for \$9.00

Climbing and Cactus Geraniums

P. echinatum—A Cactus Geranium. Prickly stems are grey and stubby; leaves are produced at end of branches; plant has a remarkable resemblance to a Cactus.

P. gibbosum—A Climbing Geranium. Greenish yellow flowers; corky brown stems; grey-green brittle foliage.

30c each, 4 for \$1.00, 50 for \$10.00

Other Novelty Geraniums

Poinsettia—Deep red, narrow, rolled and twisted petals, giving the flower the appearance of a miniature Poinsettia.

Pink Poinsettia—Similar to above, except that the petals are wider and shorter, and orchid-pink in color.

Stars and Stripes—An amazing red and white showing is obtained from these flowers, which are small, each made up of many petals, some scarlet, some white and some part scarlet and part white. Very free-flowering.

Appleblossom Rosebud—White flowers have a rosy edge; these are so double

that they look like a little ball or rosebud.

Red Rosebud—The deep red rosebud Geranium.

Magenta Rosebud—The crimson or magenta colored rosebud Geranium.

Jeanne—The Carnation-Flowered Geranium. Single, deep salmon flowers, the edges of each petal sharply toothed; free-flowering.

Phlox—Single white flowers have vermillion eye in center.

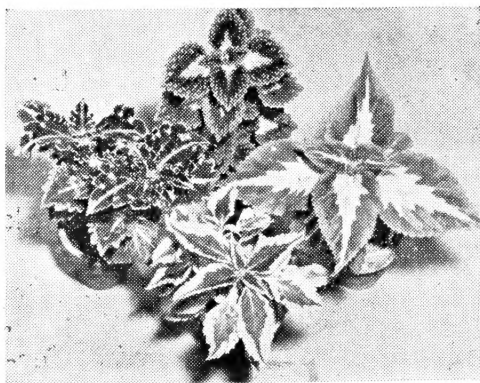

25c each, 5 for \$1.00, 50 for \$9.00

Coleus

Everyone loves the bright colors of the Coleus, or "Foliage Plant". The beautifully colored leaves of this plant will brighten up any sunny window. For best results, the temperature should not fall below 60°F. at any time. Our Coleus contain the brightest available colors, and include the following varieties: Trailing Queen, Red Queen, Butterfly, Christmas Gem, Green Goddess, and many others.

15c each, 10 for \$1.00, 100 for \$9.00

12 Plants, no two alike, \$1.50

Coleus

Velvet Plant

(*Gynura aurantiaca*)

The leaves of the Velvet Plant are densely covered with violet or purple hairs, giving it a remarkable velvety appearance. It should be kept moist, in a sunny window.

35c each, 3 for \$1.00, 12 for \$3.50

Picka-Back Plant

A unique plant because of its method of reproduction—young plants develop at the tip of the petiole of the older leaves. The fresh and attractive foliage of this plant make it much in demand for dish gardens, terrariums and window gardens.

30c each, 4 for \$1.00, 50 for \$10.00

Velvet Plant

Picka-Back Plant

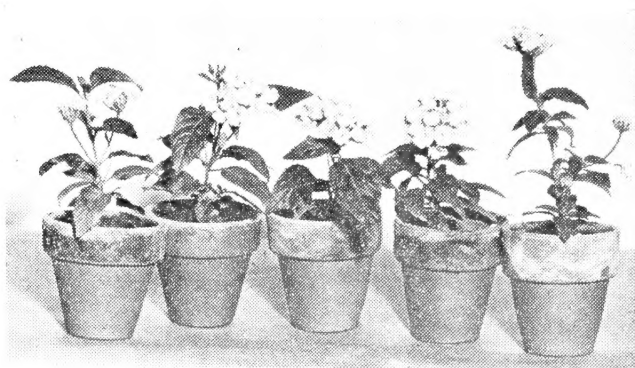

Lantana

Given a good spot in a sunny window, the Lantana will provide an abundance of color all winter long. It thrives on heat and sunshine.

Weeping—Distinct from the others in that it has long, slender, trailing branches on which beautiful lavender flowers are freely borne. It is excellent for hanging baskets—a large specimen will be covered with bloom the year round.

Radiation—Light orange flowers get deeper and richer in color as they grow older.

Schulz—Same color as Radiation—grows a little taller.

Sensation—Cream colored flowers turn lavender or pink shortly after opening.

Southern—Dwarf; large cream colored flowers deepen with age.

Dwarf Beauty—Small yellow blooms deepening to a magenta red.

Alba Perfecta—Pure white.

20c each, 6 for \$1.00, 50 for \$7.50

Cacti and Succulents

Because they thrive under unusual conditions of drought and dry air, this interesting group of plants is very popular for dish gardens and individual plantings. Our collection includes more than 50 different kinds.

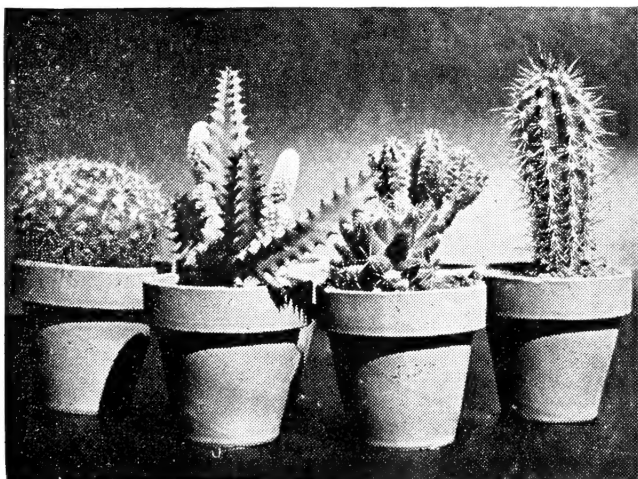

Western Sunset—A collection of 12 Succulents, all different. \$1.50.

Devil's Delight—A collection of 12 Cacti, all different. \$2.50.

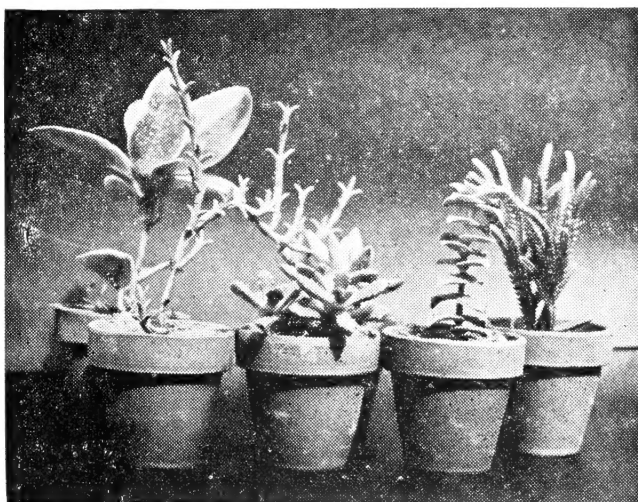

Desert Fantasy—A collection of 12 Cacti and Succulents, all different. \$2.00

Begonias

Double Wax Begonias

The ball-shaped flowers of this Fibrous-Rooted Begonia consist of a mass of closely-knit petals. Leaves are bright, shiny green; plant is bushy. All varieties are everblooming.

Geneva Scarlet Beauty—Deep red flowers will attain large size if the plant is fed.

101—Giant pink flowers on large, vigorous plant.

Baby Pink—Small, delicate, light pink flowers.

Snowblush—White outer petals shade to pink in the center, giving these flowers a delicate blush pink color.

Geneva White—Pure white flowers.

60c each, 2 for \$1.00, 12 for \$5.00

Rex Begonias

Rex Begonias have large, beautiful leaves with a color brilliancy which can not be surpassed among the Begonias. Dark red, light red, rose, black, silvery, and purple are some of the colors found in the leaves of these plants. They may be spotted, blotched or bordered. We have a nice assortment of varieties of this wonderful house plant.

75c each, 3 for \$2.00, 25 for \$15.00

Single Wax Begonias

The Everblooming Begonia found in so many homes.

Adeline—Extra free-flowering bright pink; dwarf and compact.

Ball Deep Rose—Deep, rich, rosy red in winter and spring, becoming lighter in hot weather; dwarf and compact.

Ball White—A dwarf, compact, free-blooming white.

Ball Red—Bright scarlet flowers; dwarf, compact plant.

Luminosa Compacta—Extra dwarf plant; red flowers.

Indian Maid—Deep, lustrous bronze foliage with contrasting scarlet flowers. Grows taller than above varieties.

Small Plants, in Bloom

20c each, 6 for \$1.00, 50 for \$7.50

Larger Plants, Covered with Bloom

35c each, 3 for \$1.00, 50 for \$15.00

Watermelon Begonias

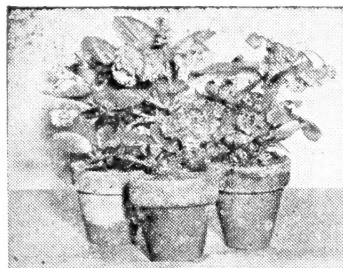

(*Peperomia sandersi*)

Not really a Begonia, but so-called because of its growth habit of producing many large leaves in a cluster close to the ground. Leaves are striped like the striped watermelon.

35c each, 3 for \$1.00, 50 for \$15.00

Single Wax Begonia

Double Wax Begonia

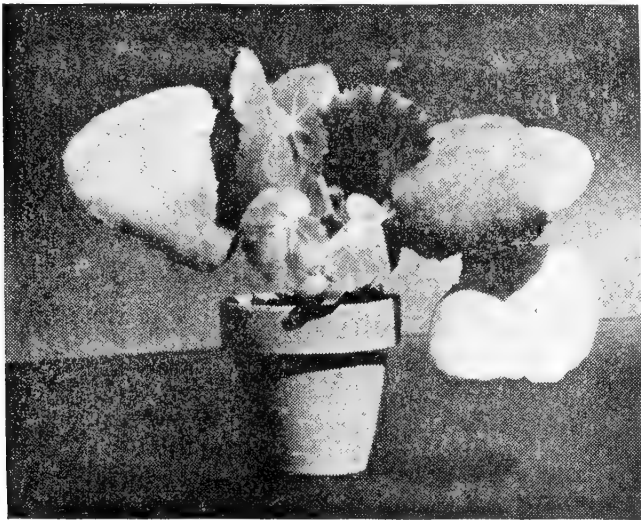

Watermelon Begonia

Beefsteak Begonias

The thick, round leaves of this Begonia are deep green above, dark red beneath, and have white whiskers on the margin. The beautiful light pink flowers are carried on a stalk, high above the foliage.

60c each, 2 for \$1.00, 25 for \$10.00

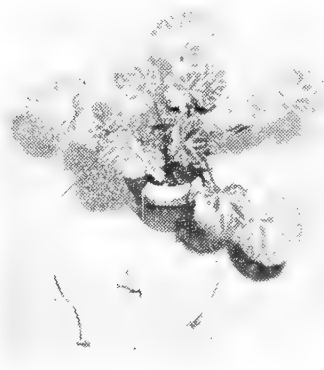

Beefsteak Begonia

Strawberry Begonias

(*Saxifraga sarmentosa*)

Another Begonia which is not a Begonia. Also known as the Strawberry Geranium, or Mother-of-Thousands. In the same manner as the Strawberry, it produces many runners, each carrying one or more plantlets. Leaves are green above with striking white veins, and reddish below. Although not completely hardy, the Strawberry Begonia will stand a mild winter.

20c each, 6 for \$1.00, 50 for \$7.50

Strawberry Begonia

Peperomia

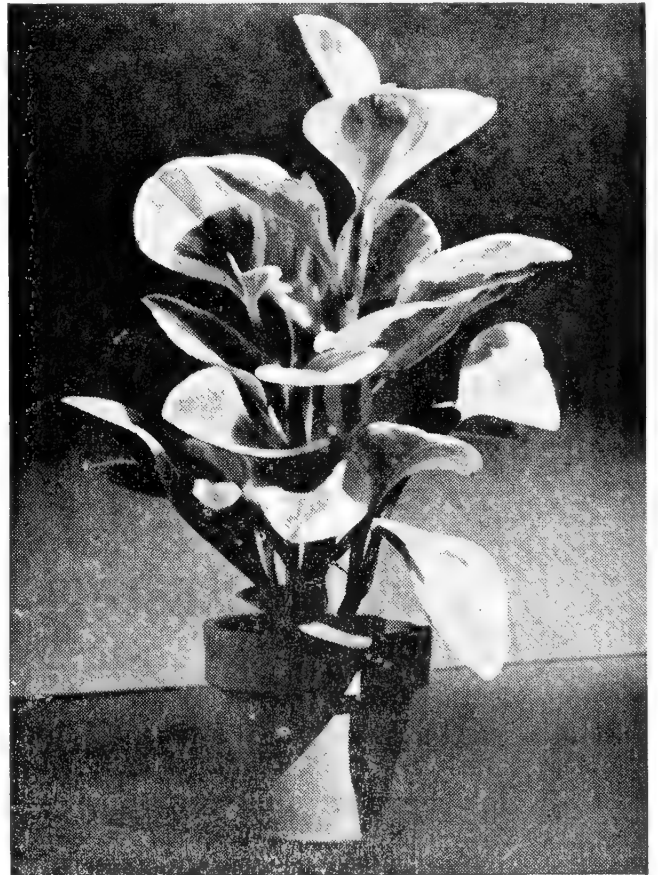

The Peperomia we list are the ones most commonly grown in the home.

P. obtusifolia—Glossy green leaves on erect or semi-trailing stems make this Peperomia a favorite for dish garden and terrarium.

20c each, 6 for \$1.00, 50 for \$7.50

P. obtusifolia variegata—Very strikingly marked. Similar to above variety, except that the leaves are light green and yellow in about equal proportions, the green mostly in the center of the leaves.

30c each, 4 for \$1.00, 50 for \$11.00

Peperomia obtusifolia variegata

Jade Plant

(Crassula)

An interesting plant with fat leaves and stocky growth. A very useful plant for the home.

C. argentea—Dark green leaves, the tips becoming red if grown dry and exposed to direct sunlight.

25c each, 5 for \$1.00, 50 for \$9.00

C. argentea variegata—Lovely light green leaves with a wide cream colored margin, the cream coloring even extending through the green in the form of narrow stripes.

35c each, 3 for \$1.00, 50 for \$15.00

Variegated Jade Plant

Princess-Pine

(Crassula lycopoides)

Tiny, bright green leaves clinging tight to slender branches. Easily grown in the house. Illustrated in group of succulents on page 7. (plant on the right)

15c each, 7 for \$1.00, 50 for \$14.00

Shrimp Plant

Fuchsia

Shrimp Plant

(Beloperone guttata)

This unusual plant gets its name from the resemblance of the inflorescence to the shape and even the color of a large Shrimp. Originating beneath long-lasting reddish-brown bracts, the flowers are white, spotted with purple. Succeeds best in a sunny location.

25c each, 5 for \$1.00, 50 for \$9.00

Fuchsia

The pendulous, bell-shaped flowers of the Fuchsia exhibit a true graceful beauty. An old-time favorite, it is now offered in many new and different forms. Keep cool and fairly dry during November and December, then raise the temperature and start watering in January. Buds should appear soon thereafter.

Dwarf Double Purple—Medium dwarf grower, red sepals with deep purple semi-double petals in the center.

Speciosa—Long white flowers with red center.

Trophee—Red with double purple center.

Rosain Patria—Double white center with red outer edge; low-growing plant; enormous flowers.

Lord Byron—Red-black center, red outer edge.

Black Prince—Cerise petals, pink sepals which are tinged with white on lower side.

Little Beauty—Purple center with deep pink sepals; dwarf.

Bagdad—Blue-purple center, deep pink sepals tinged on back with white.

25c each, 5 for \$1.00, 50 for \$9.00

Patience Plant

Pothos Aureus

Patience Plant

(*Impatiens sultani*)

From its year-round exceptionally free-blooming habit, you may know the Patience Plant as a DAILY BLOOMER. Or perhaps by its specific name—Sultani. Our selection of colors ranges from pure white through the various shades of pink, red and purple. However, our colors are mixed, and we reserve the right to make our selection on any order.

15c each, 7 for \$1.00, 50 for \$6.00

Pellionia

Pellionia

Creeping purplish stems; oblong leaves are light green (purple below) with prominent black nerves. A very unusual, slow-growing, self-branching plant.

25c each, 5 for \$1.00, 50 for \$9.00

Devil's Ivy

(*Pothos Aureus*)

The leaves and growth habits of this beautiful plant are similar to those of the Philodendron; however, the leaves are irregularly blotched with cream or yellow, making a remarkable contrasting effect. This variegation is more marked if the plant receives 3 or 4 hours of sunshine daily.

35c each, 3 for \$1.00, 50 for \$15.00

Heart-Leaf Philodendron

Heart-Leaf Philodendron

(*Philodendron cordatum*)

One of the best house plants grown, not only because of its long, graceful vines, with glossy, heart-shaped leaves, but because it is very easily grown. Needing little care and little sunlight, it is used extensively in planter lamps, for framing windows and arches, or for most any purpose that one might use a vine in the house.

Plants with 5 or more leaves

30c each, 4 for \$1.00, 50 for \$11.00

SAINTPAULIAS

Mentor Boy

Because of its compact growth and free-blooming habit, the African Violet has become America's favorite for the home, office and schoolroom. Under average conditions it will grow well and bloom almost continuously, but you must take care of it—it will not stand neglect. We have built up a large stock of the varieties listed below and will be able to fill nearly all orders with plants that are in bud or bloom. Expertly packed and guaranteed to reach you in good condition. As Saintpaulias are damaged by low temperatures, we do not ship during extremely cold weather.

Here is really the ideal growing medium! Acclaimed by professionals as the new miracle gardening aid, **Terra-Lite** vermiculite is a magic mineral containing billions of tiny cells that trap and store air and water, releasing them as needed to bring about massive root systems.

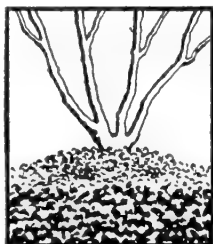

Seeds germinate faster. Virtually no damping off.

Great mass of hair roots in half the time.

Stored bulbs stay firm and plump.

Perfect as a mulch for all plants.

For ornamental dishes or terrariums, **Terra-Lite** vermiculite is the perfect means of providing needed air and water in just the right amounts. The most talked-of growing medium in years.

Bulbs stored in **Terra-Lite** will not rot. Insulates against abnormal changes in temperature—keeps bulbs firm and plump.

Terra-Lite is a real “work-horse” for the gardener. Once you try it, you’ll never be without it.

Prepaid up to 1000 miles.

Information, Terms, Etc.

General Terms—Cash with order. We pay delivery charges on all orders of \$2.00 or more, to any point in the United States, unless otherwise stated in catalog. On orders of less than \$2.00, please include 25¢ to cover costs of postage, packing and handling.

Method of Shipment—All plants are carefully wrapped and packed. Shipment is made the best way. Small orders are sent by Parcel Post, large orders by Prepaid Express. If you are unable to receive orders by Express, please advise when placing your order.

Special Services—Either Special Handling or Special Delivery may save a delay of one to several days, which could mean very much in the growth of your plants. If either service is desired, please include remittance to cover. On orders of less than \$5.00, the charges are usually 20¢ for Special Handling and 35¢ for Special Delivery. Air Parcel Post is very satisfactory, but expensive. If this method of transportation is desired, please inquire about shipping weight and rates.

Substitution—We attempt to keep a complete stock of the items listed in this catalog. As there are many factors entering into the production of plants, occasionally we are unable to supply certain items ordered. If we may substitute, please so indicate on your order blank, and if possible, give second choice. Otherwise, a refund will be made on those items we are unable to ship.

We Guarantee Satisfaction—If you are not pleased with your order, or if it reaches you in poor condition, please advise at once. If possible, a replacement will be sent to you. If not, your money will be refunded. We watch weather conditions and do not ship in extreme weather. Should there be a mistake on your order, advise promptly, and we will do our best to correct it. No claims on damaged plants will be given consideration if made more than 10 days after receipt of your package.

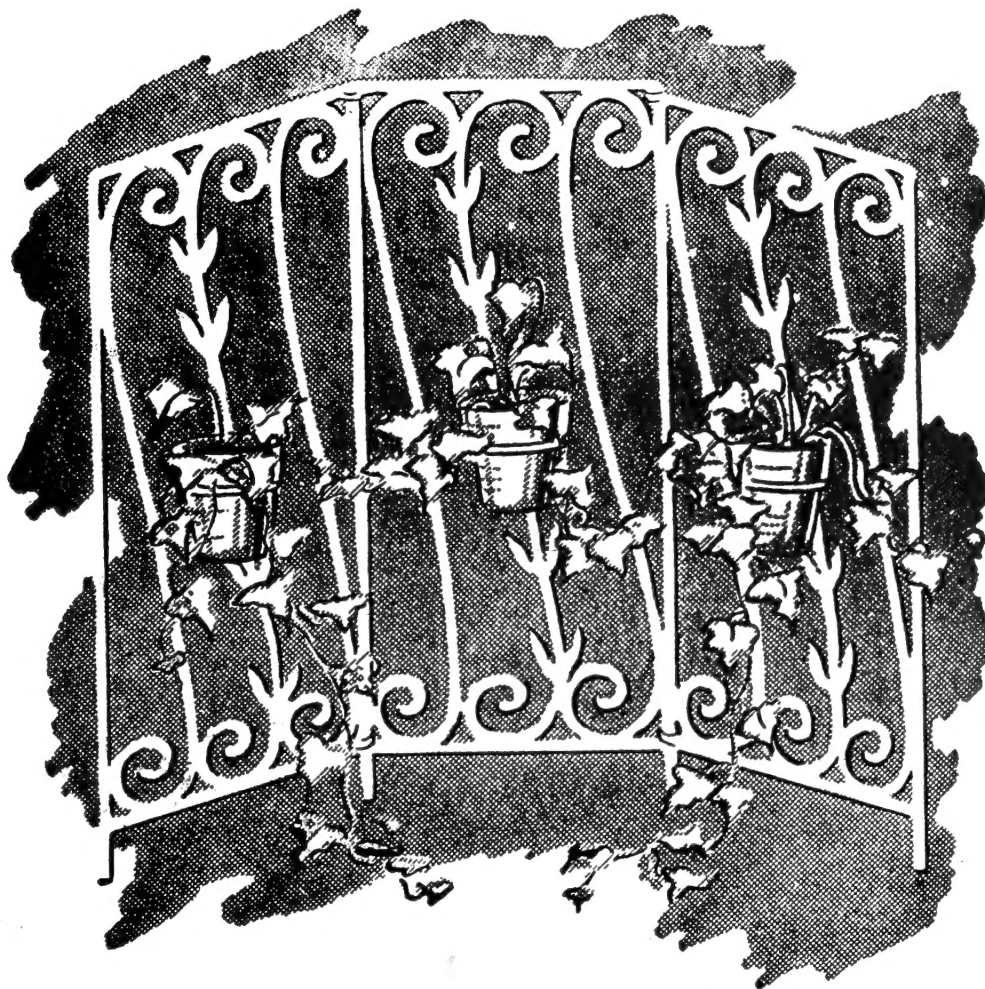

All plants listed in this catalog are young, potted plants, in a healthy growing condition, and are shipped to you in the soil in which they were grown

Because of the many conditions affecting plant growth, we make no warranty, express or implied, as to the productiveness of plants or bulbs listed herein, and we will in no case be liable for more than the original purchase price.
